

Võutmete lõikamismasin Keyline Easy

Tootekirjeldus

- Key cutting machine for cylinder, car and cruciform keys, with two and four-sided reversible clamps, that provides an optimal grip.
- This system guarantees a safe start of the machine, thanks to the forward movement of the carriage, and is equipped with an independent switch for the brush and with a tempered tracer with depth adjustment.
- The plastic protection screen and the cabling and engines protected from accidental overloads by a relay complete the safety equipment of this machine.
- Since January 2017, Easy has a new design, more functional and modern, that simplifies and improves the user experience during all the cutting phases.
- Thanks to new and high-tech components, Easy becomes even more efficient, safe and adaptable to any workstation.
