

ABUS Steel-O-Chain 8210/110 Moto

Tootekirjeldus

The synthetic fiber-coated square chain secures your bike without scratching the paintwork. Like the lock housing and load-bearing parts of the locking mechanism, the chain is made of hardened special steel. The lock body itself is well protected against attacks in the impact-resistant Soft Case.

Details:

- Length 110cm
- Good protection with low theft risk
- Protection class 10/15
- Recommended for securing light motorcycles and scooters
- 8 mm thick square chain with functional, durable and highly flexible synthetic fiber coating to protect against paint damage
- Coating offers very high protection against abrasion and does not absorb liquids such as water or oil
- The chain, housing and load-bearing parts of the locking mechanism are made of specially hardened steel
- High-quality locking cylinder with user-friendly reversible key for a high level of protection against tampering, e.g. Picking
