

ABUS Primo 5510K/180

Tootekirjeldus

THE IDEAL SECONDARY LOCK

The Spiral Cable Lock Primo 5510 is ideal as an additional component lock for your bicycle.

Play it safe with this bicycle lock from ABUS. On the one hand, it is suitable as the sole protection for entry-level bicycles or children's bicycles in regions with a low risk of theft. The Spiral Cable Lock Primo 5510 can also be used as a secondary lock for securing individual bicycle components and bicycle accessories.

The lacquer-protective plastic sheathing of this bicycle lock, which has a 10mm-thick spiral cable, is available in four bright colours. This makes securing your bike twice as much fun.

Technologies:

- 10 mm thick, high-quality and super flexible spiral cable
- Plastic coating to prevent damage to the bicycle's paintwork

Usage:

- Good protection at low theft risk
- Recommended for securing entry-level and children's bikes

Tips:

- Coil cable locks offer a compact transport size and have an extremely multifunctional and practicable length
- The lock is ideal as a second lock for securing components

Tech Specs:

- Length: 180cm
- Security Level Bike: 3
- Carrier: SCMU
- Diameter: 10mm
- Weight: 520g
- Locking type: Key
